Please outline briefly why you require media accreditation. If you are a freelance journalist, please provide contact details for your commissioning editor and the scope of your commission.	

Conditions:

If we issue you with a media pass, this pass is not transferable and only valid in combination with a current govt. issue photo ID, i.e. driver license, passport, shooters license or WWC card.

Upon arrival at location, please identify yourself to our security staff or the MC of the event with your media pass and current photo ID.

Unless advised to the contrary for particular events: If you take videos or photos and faces of individual audience members (not members of Q Society or speakers at an event) are identifiable, you must either obtain permission from the individual(s) before publishing the photo or recording; or pixelate/blur the facial features so they cannot be identified.

We reserve the right to withdraw the media accreditation at any time without notice.
